

HEAD/Penn Racquet Sports and USPTA sign agreement for seven more years

Phoenix, AZ – September, 2006 – HEAD/Penn Racquet Sports and the United States Professional Tennis Association signed a seven year agreement that extends the USPTA's endorsement of the Pro Penn Ball through 2013.

This continues the 33-year contract the USPTA already has with Pro Penn into its fourth decade, which makes it the longest and oldest endorsement in the tennis industry.

Penn is America's #1 Selling tennis ball and the only tennis ball made in the USA. Pro Penn has been the official ball of the USPTA for 33 years. Pro Penn tennis balls have Encore technology, which makes the balls 33% longer lasting.
